EnercitEE's Good Practice Guide now available

Experience exchange is the heart of EnercitEE. With the publication of the Good Practice Guide an important milestone has been reached. The brochure compiles shining examples in the fields of energy efficient buildings, heat and power generation and distribution, sustainable transport, innovative technologies and behavioural change. The Good Practice Guide is free of charge and can be downloaded on EnercitEE's website in English (<http://enercitee.eu/Documents/Good-Practice-Guide,780/Good-Practice-Guide---English,781/?sp=>) and German (<http://enercitee.eu/Documents/Good-Practice-Guide,780/Good-Practice-Guide---Deutsch,788/?sp=>) (www.enercitee.eu/documents (<http://www.enercitee.eu/documents>)). Soon it will also be available in Italian, Polish and French.
