

„European Energy Efficiency Directives – Tools and Recommendations for Regions and Cities“

Wednesday, 25 September 2013, Saxony Liaison Office, Brussels

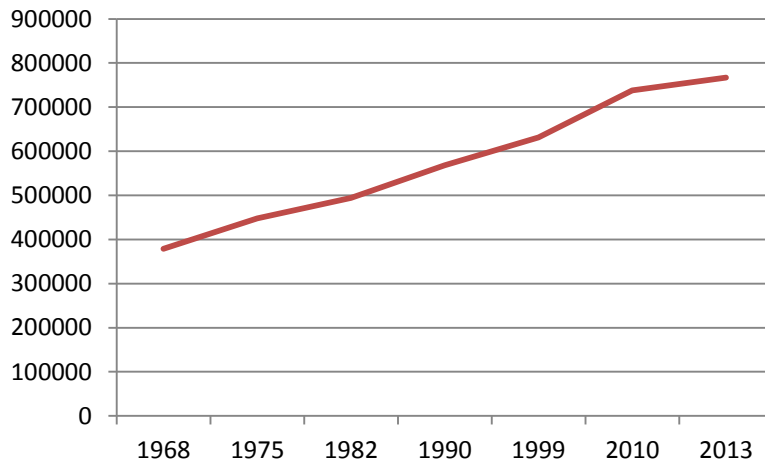

End of project, end of energy efficiency efforts? Implementation will go on in Haute-Savoie

Michel Danielou

Haute Savoie Local Authorities

Haute-Savoie unhabitants

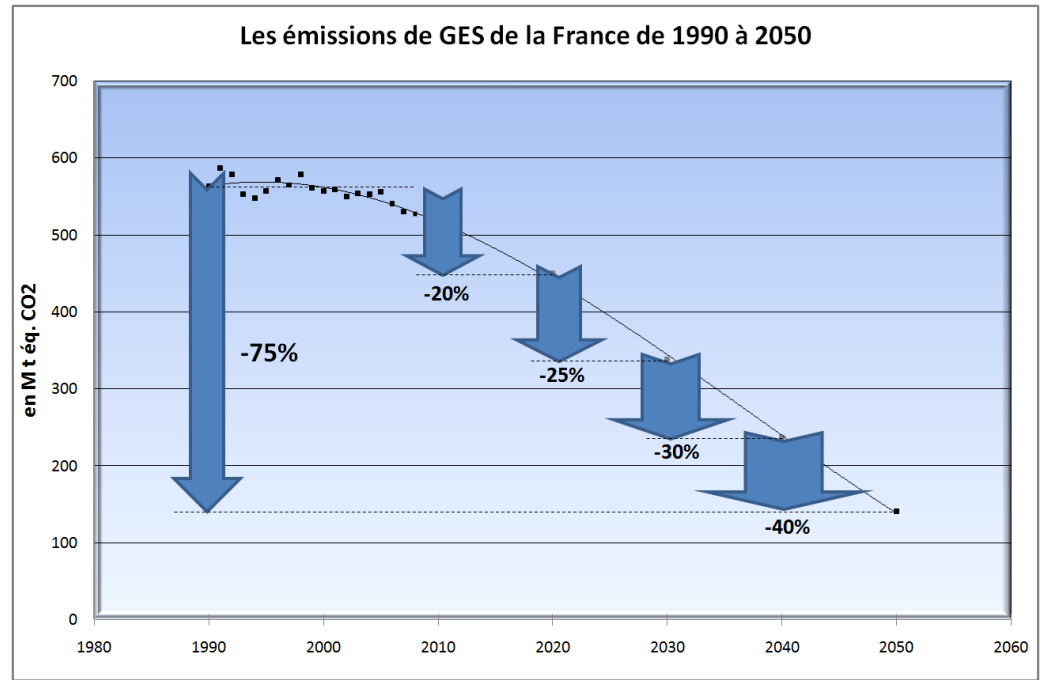

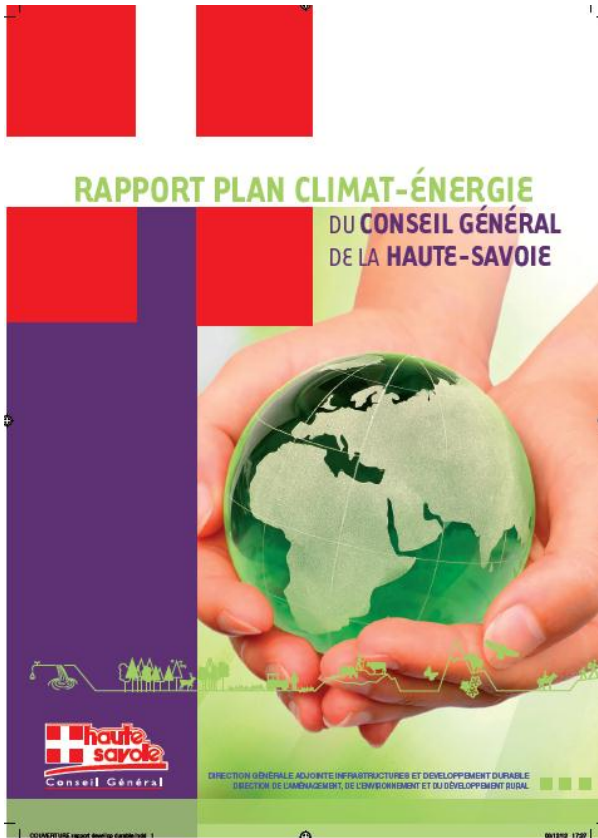

Extract of Article L229-25 Grenelle Law 12/07/2010 :

The state and its public institutions, local authorities and public institutions:

- Are required to prepare a report on their emissions of greenhouse gases
- Must adopt a territorial climate and energy plan December 31, 2012

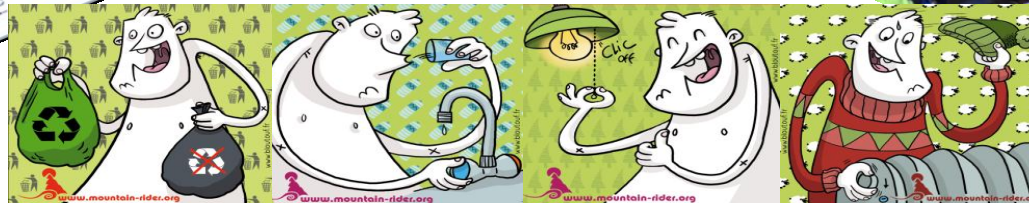

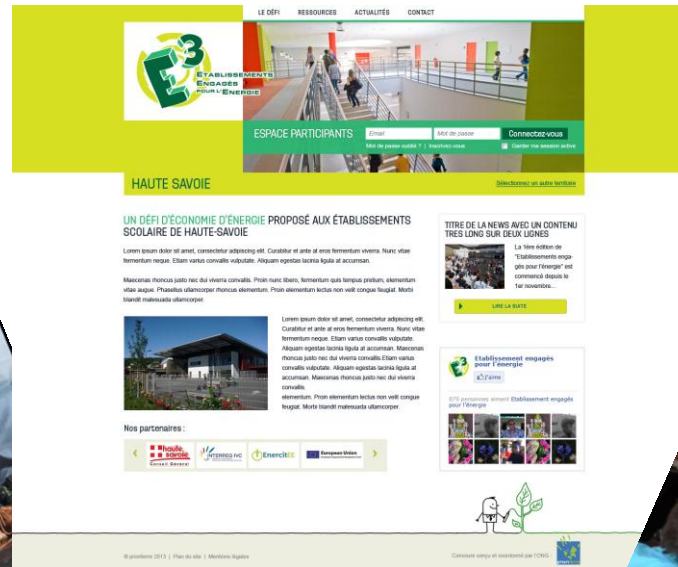

This plan defines the action program to achieve in particular to improve energy efficiency, increase renewable energy production and reduce the impact of activities in terms of emissions of greenhouse

Implementation in France : Territorial Climate Plan Energy

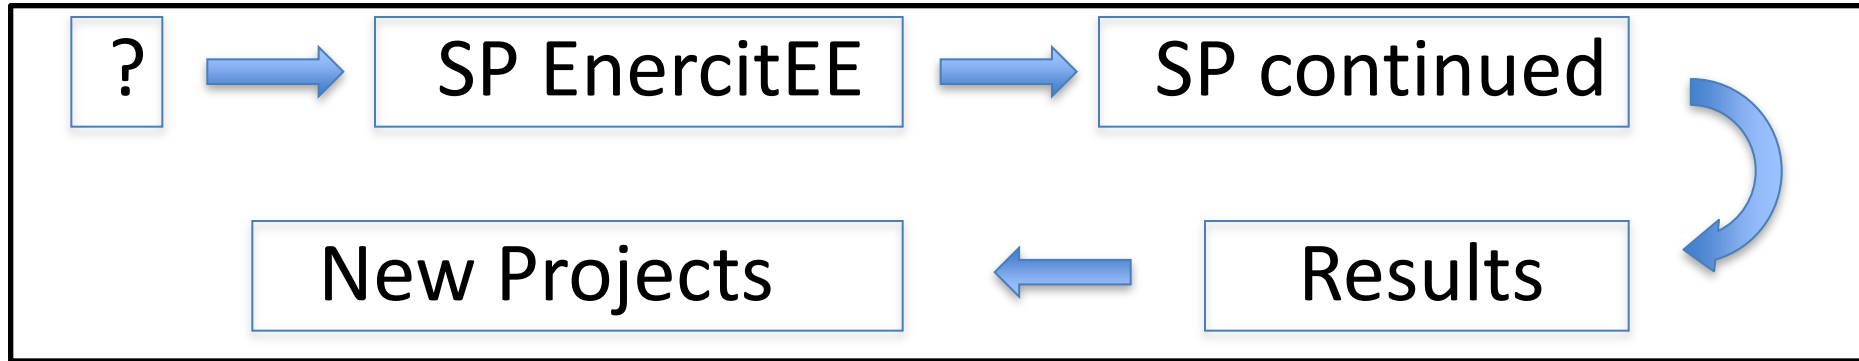

How ?  Energy Efficiency !

Tools and instruments developed in Haute-Savoie

EnercitEE Implementation will go on in Haute-Savoie !

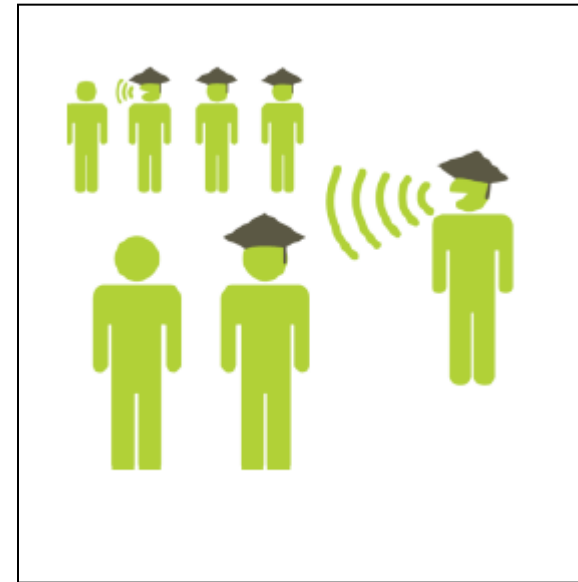

To reach the 20 20 20 objectives, the strategy is :

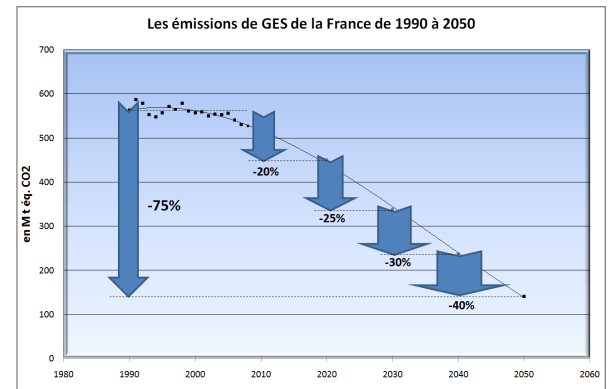

Example :

Benefits from EnercitEE
